

# ***The Creation of Stage Fright***

By: Mason Phonephomhom,  
Nathaniel Ferguson, Skylar  
Bender, and Xander Berger

# Designing the Website

- It began with a simple drawing
- Then, ideas for other pages came
- After that, an audience needed to be found
- Finally, a plan was made

# The Code

- Home Page
- Stage Fright's Music
- Merchandise
- The Tour

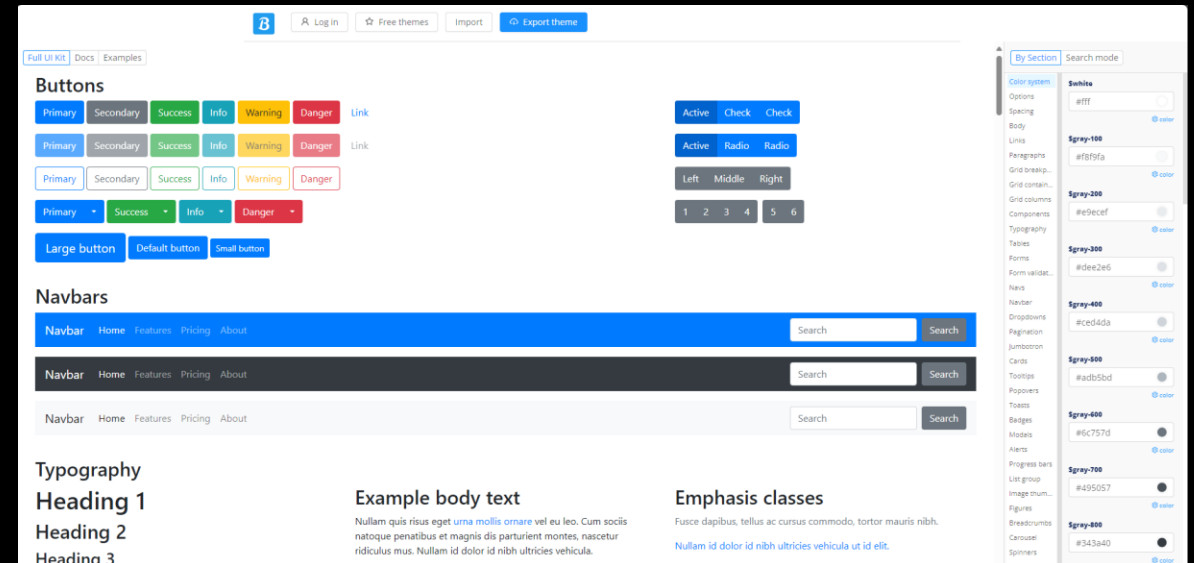

## ***Graphic Design***

- Every band needs a logo
- Most people scream when frightened
- A special font would help stand out

# Innovative Tech Used

- Bootstrap's regular CSS and JS was the start
- No Bootstrap theme fit the aesthetic
- Bootstrap.build
- Keywords and descriptions
